

Creativity can be cultivated

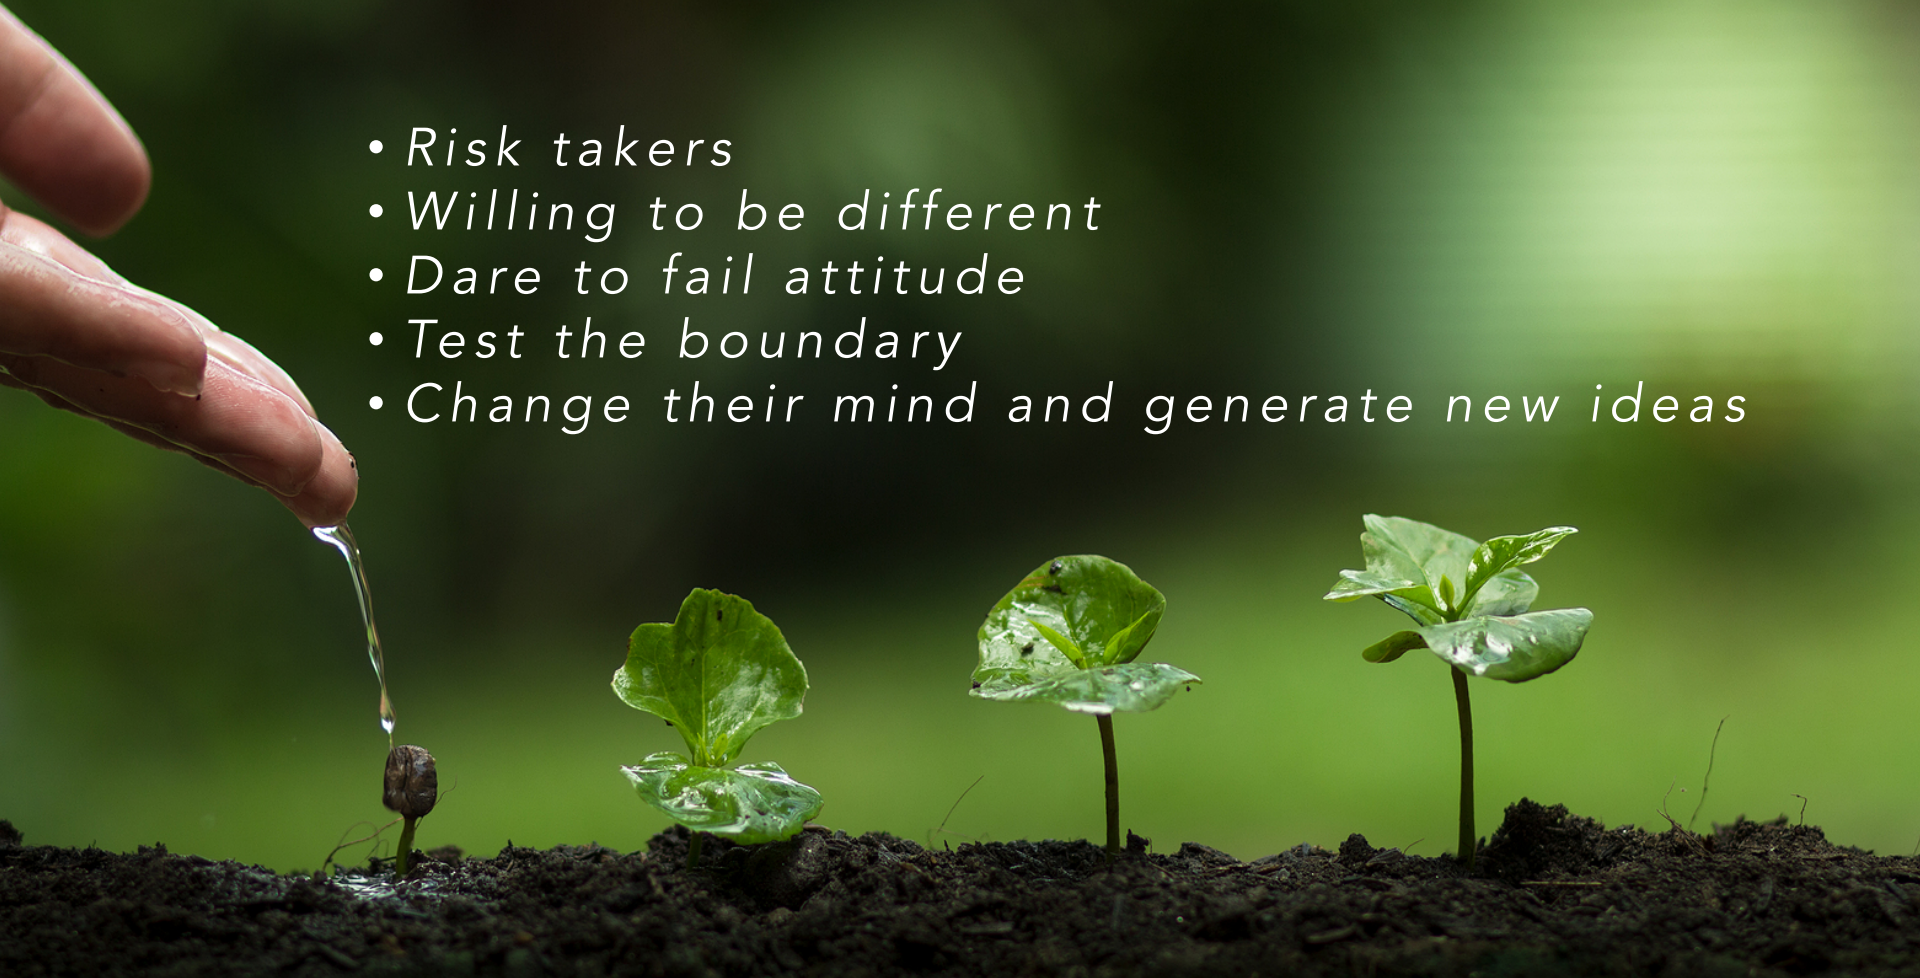

Creativity enhances motivation and enables the student to create a more consistent flow in their studies. Five examples that cultivate creativity are provided.

Evaluate yourself over a one week period. Tick the box when you employed the point of creativity growth during that day. With that information can you identify areas of potential improvement? How could you go about this?

Creativity can be cultivated

- Risk takers*
- Willing to be different*
- Dare to fail attitude*
- Test the boundary*
- Change their mind and generate new ideas*

Creativity can be cultivated

	Sun	Mon	Tue	Wed	Thu	Fri	Sat
